

The Honorable Nancy Pelosi  
Member of the Congress of the United States  
House of Representatives  
233 Cannon House Office Building  
Washington, District of Columbia 20515-0508

Dear Congresswoman Pelosi:

Thank you for your letter of October 17, 2016, to EPA Administrator Gina McCarthy regarding the integrity of data delivered by Tetra Tech to the Navy at the Hunters Point Naval Shipyard.

You supported the request from Mayor Edward Lee and Supervisor Malia Cohen of the City and County of San Francisco for a briefing with senior EPA leadership. Our Superfund Division Director, Enrique Manzanilla, and I would be happy to meet with them to discuss EPA's oversight of the Shipyard cleanup and transfer process. Lily Lee, EPA's Remedial Project Manager for the site has been in touch with Nicole Elliot, Director of Intergovernmental Affairs in the Mayor's Office, to work out the timing and location for this briefing. Ms. Elliot asked for a week or two to finalize the participants and logistics.

We share your interest in the integrity of data to support sound cleanup decisions and look forward to the briefing.

Sincerely,

Deborah Jordan  
Acting Deputy Regional Administrator
